Do you know what the “EU Green deal” is?

Why?

“EU Green deal” policies will transform the economy in the coming decades, creating major challenges for all sectors of the industry.

How?

By creating an internal format, e.g. “think-tank” to ascertain what’s coming and put emphasis on aspects relevant to local business community

What?

- General “EU Green deal” issues
- Manufacturing industries and energetics
- Transportation (land, aviation, shipping)
 - Forestry, land use and agriculture
 - Taxes, taxonomy and funds
 - Sustainability for SME’s
