Environmental education

Interests of young people and their views on the priorities of Latvian decision-makers over the next 10 years

«Environmental education» ir sagatavots ar Sabiedrības integrācijas fonda finansiālu atbalstu no Latvijas valsts budžeta līdzekļiem. Par «Klimata pārmaiņas» saturu atbild nodibinājums «Pasaules Dabas fonds».

of citizens

rank climate change as one of the biggest challenges

Only 19% of students in Latvia have a understanding of citizenship, although importance of civic education in the existence of democracy has been emphasized in numerous studies.

At the same time, 57% of young people in Latvia estimate that they could get involved in civic activities, but only 24% have done so.
